- InstaGroup proud to be able to offer full Green Deal packages
- All Snug Network installers have Green Deal assessors available
- Suite of software launched to integrate installers into Green Deal system
- New Green Deal website now live: [www.instagroup.co.uk/greendeal](http://www.instagroup.co.uk/greendeal)
- Green Deal call centre now live
- Finance confirmed by TGDFC – 6.96% interest in place for first 6 months
- Cashback incentives up and running – see [www.gov.uk/greendeal](http://www.gov.uk/greendeal)

working in partnership with the

# ECO Update

- First few rounds of ECO brokerage have taken place
- InstaGroup have successfully secured ECO funding
- Happy to talk to members about Affordable Warmth schemes
- ECO Affordable Warmth will be able to offer free measures to vulnerable:
  - loft insulation      cavity insulation      boiler repair/replacement
- Our ECO funding will allow integration of CERO funding for solid wall insulation into Green Deal packages at around 60%
- Under ECO CSCO, cavity and loft insulation will be free to eligible properties, and will likely include loft top-ups < 100ml existing thickness

## A warmer home and energy savings with Green Deal

Green Deal is a government-backed scheme that's been set up to improve the energy efficiency and heating of homes and workplaces across the UK.

Green Deal will help with improvements including better insulation, more effective heating systems and draught-proofing, all at little or no upfront cost to you. It will help you save on energy bills at home and in the workplace – and make it cheaper to keep warm.

## Saving today, saving tomorrow

Green Deal is about enjoying a warmer, cosier home or workplace today, and protecting yourself from the likelihood of increased energy prices into the future\*.

While you're saving energy and reducing your bills, the environment benefits too: cutting down on wasted heat will reduce the UK's carbon emissions by millions of tons.

\*Household energy bills are growing five times faster than income.

## A Green Deal that's as individual as your home

No two buildings, and no two householders, are the same. So Green Deal from InstaGroup is not only about your property, but also about your life at home and work, and the way you use energy.

InstaGroup can help you find out which energy efficiency improvements are right for you, from loft and cavity wall insulation to a new boiler or renewable energy installations.

## Green Deal and ECO made easy for Local Authorities and Social Housing Providers

Making Green Deal and ECO simple for you

InstaGroup understand your obligation to promote Green Deal and the Energy Company Obligation (ECO) scheme, and your commitment to benefitting your residents and improving the comfort of their homes.

However, we also appreciate that many Councils and housing management teams just don't have enough time or resources to get these essential energy efficiency schemes underway, quickly and efficiently.

Trusted by over 100 Local Authorities and Social Housing Providers all over the UK.

We cover the install over £90,000 energy efficiency improvements process
